INSTRUCTIONS TO BIDDERS

1. PROPOSALS

- A. This is an invitation to bid on an agricultural best management practice (BMP) project. Bids are being accepted on behalf of the landowner, Wess Hottenstein. The Sullivan County Conservation District Board of Directors will review and approve the bids before the landowner enters into a contract with the contractor(s).
- B. Bids will be accepted for excavation and concrete. Contractors not submitting a bid for all components must work with other contractors on timelines and project phases to complete the project successfully.
- C. The Project Design and Technical Specifications provided are specific to this project. The failure to mention any task required to complete the project shall not relieve the contractor(s) of responsibility for performing such work. Contractors shall have prior agricultural project experience.
- D. The contract will cover all aspects of installing the Agricultural BMP Project on Hottenstein's farm in Forks Township, Sullivan County. Unless otherwise indicated, the contract(s) will include (but are not limited to):
 - **Earthwork:** Excavation work is to include materials for installing Erosion & Sediment Control measures, perimeter drain, riser pipes and underground outlets, tile lines, site preparation, compact fill, and stone to reach subgrade elevations, place stone base under concrete, install surface water controls, install outlet pipes and rock aprons, install pressure tank and connect livestock pipeline, install access roads, walkways, improvement of an existing stream crossing, complete final grading, seed all disturbed areas, as well as all other aspects as outlined in the Project Bid Documents, Design Drawings, and Technical Specifications.
 - **Concrete:** The construction and concrete work to include materials for all concrete flatwork and curbs including rebar and wire mesh for Waste Storage Area, Heavy Use Area Protection, concrete aprons and Feed Driveway, roof structure including posts and all roof materials, animal access gates, all roof gutters and downspouts for new and existing barn, water hydrant and troughs (2), steel posts to be set in concrete, as well as all other aspects as outlined in the Project Bid Documents and Design Drawings.
 - Projects including the placement of concrete of 3 yards or more in a single location shall require slump testing to be done by a third party and results submitted to the contract holder.
 - **Building:** Construct roof, install roof runoff items, install fencing on areas indicated on drawings, construct an insulated room for pumping plant, install waterers on the pad, and other aspects as outlined in the Project Bid Documents, Design Drawings, and Technical Specifications.
 - **Well:** Drilling of and installation of livestock watering well as outlined in the Project Bid Documents, Design Drawings, and Technical Specifications.

2. CONTRACTING OFFICER AND PROJECT SPONSOR

- A. The project is being prepared for the landowner. The contract will be between the landowner and the Contractor(s). The Sullivan County Conservation District is acting as the Project Sponsor. The Sullivan Conservation District will assist the landowner with accepting bids for the project. Funding is being provided through the Agricultural Conservation Assistance Program.

- B. John Coleman, Coleman Environmental Engineering, LLC, will be the point of contact for any questions regarding design plans and implementation and will determine the suitability of all work. Questions about funding can be directed to the Sullivan County Conservation District.

3. INSTRUCTIONS FOR THE BID FORM

- A. Bids shall be submitted only on a hard copy of the furnished Bid Sheet and Bid Signature Form. All blank spaces are to be typed or filled in legibly in blue or black ink, and the forms must be signed as described below in Section 3.E.
- B. Bids shall be submitted on the form furnished with this solicitation.
- All bid items shall be completed.
 - No partial bids will be accepted.
 - Each bid must be received in a sealed envelope that is clearly marked on the outside.
 - Bid must include all additional forms listed or the bid will be rejected. Forms can be found on <https://www.sullcon.com/acap.html>.
 - Prevailing Wage Acknowledgment
 - Anti-Collusion Affidavit
 - Record of Contractor Agricultural Experience
 - Copies of W-9 and Insurance.
- C. The Bid Sheet and Bid Signature Form **MUST** be submitted in one **SEALED ENVELOPE** with the Contractor's name and the words "**Hottenstein Farm Project Construction– Sealed Bid**" OR "**Hottenstein Farm Project Excavation– Sealed Bid**", with contract number and the date to be opened written on the outside. Sealed quotes can be mailed or submitted in person to:
- Sullivan Conservation District
9219 Route 487 Suite B
Dushore, PA 18614
- D. **Bids are DUE BY: 3PM March 18th, 2026.**
- E. A Contractor may withdraw their proposal at any time prior to the scheduled closing time for receipt of proposals (see Section 4.B). Proposals may be withdrawn by written notification to the Conservation District.
- F. Signature requirements on the Bid Form:
1. For Sole Proprietorships & Companies, an owner must sign the Bid.

2. For Partnerships, a general partner must sign the Bid.
 3. For Corporations, the President or Vice President must sign the Bid.
- G. No interpretation of the meaning of the plans, specifications, or other pre-bid documents will be made to the bidder orally. Every request for such interpretation should be in writing. Any and all such interpretations, and any supplemental instructions will be in the form of written addenda to the specifications which, if issued, will be mailed to all prospective bidders (at the respective addresses furnished for such purpose). Failure of any bidder to receive any such addendum or interpretation shall not relieve such bidder from any obligation under this bid as submitted. All addenda so issued shall become part of the Contract Documents.

4. AWARD OF CONTRACT

- A. Contractors must provide a bid for all components described in each bid package. The lowest responsible (an insured and licensed business/contractor who has completed at least three (3) similar projects who is expected to have the knowledge and expertise to complete the project in the signed contract) bidder will be awarded the contract. Successful bidder will provide schedule of value for materials before contract is signed.
- B. **Bids will be opened at the Sullivan County Conservation District office at 9:00 AM, Wednesday, March 25th, 2026.** At that time all bids will be collected, recognized, and documented publicly by the Executive Director and ACAP Coordinator.
- Sealed bids must be received prior to this time, or the proposal will not be considered. Award of a contract shall be made as soon as possible after the bid opening. Performance time will begin when the contract has been executed and run through the time specified in the contract. The workweek will be limited to 5 days per week, Monday through Friday, 8 hours per day. All major holidays will be observed.
- C. Construction is to begin within **30** days of the contract being awarded. The project must be completed within the performance time specified on the Bid Form, barring delays caused by severe weather conditions. Any severe weather delay request must be submitted in writing to the Landowner and the Conservation District.

5. INTERESTED CONTRACTORS

- A. Shall attend the **mandatory site showing** at Wess Hottenstein's farm at **121 Hottenstein Road, New Albany, PA 18833** at **10 AM, March 4th, 2026**, to review all existing conditions and limitations, including access and availability of materials, etc.

The primary purpose of the site showing is to make sure that the interested Bidders have inspected the site and have become familiar with all existing conditions affecting the work, including, but not limited to, those conditions bearing upon:

- i. Transportation, disposal, handling and storage of materials; availability of labor, water, electric power, and access to the site;
- ii. The conformation and conditions of the ground, including the quality and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from the inspection of the site;
- iii. The character of equipment and facilities needed preliminary to, and during, execution of the work.

- B. Shall include the following items in the bid:
 - 1. Pre-construction meeting
 - 2. Construction layout
 - 3. Installation of Erosion & Sediment control measures
 - 4. Excavation/fill
 - 5. Installation of all practices and structures identified in project design documents, including but not limited to: forms and reinforcing for waste storage concrete, concrete floors, forms and reinforcing for concrete walls, roof gutters, walkways, access lanes, underground outlet, drilling of and installation of livestock water well, installation of fencing and gates, complete final grading, stabilization of all disturbed areas and any other practice mentioned in designs.
- C. Shall provide all equipment, labor, materials, and supplies necessary to complete the work unless otherwise specified.
- D. Materials shall be approved by the Project Sponsor prior to use.
- E. An Erosion and Sediment Pollution Control Plan is included in the work plan. The contractor shall be responsible for implementing the plan and maintaining the controls, including any additional measures which may be required to minimize sedimentation.

6. INTERPRETATION OF CONTRACT DOCUMENTS

- A. If any Contractor has questions following the site showing regarding the Project Design and Technical Specifications or any other factor, an emailed or written request should be submitted to the Project Engineer, John Coleman, for interpretation, clarification, or correction followed by a phone call to confirm receipt and understanding of the inquiry.
- B. Any interpretation, clarification, or correction of the bid documents will be made by the Sullivan County Conservation District by Addendum. A copy of any Addendum will be posted on the Conservation District's website as soon as it is issued: <https://www.sullcon.com/acap.html>. As well as any other required documents or bid information.

7. THE LANDOWNER AND/OR CONSERVATION DISTRICT

- A. May, during the bidding period, issue Addenda to advise the Contractor(s) of additions, omissions, alterations, or clarifications of the Project Design and Technical Specifications for this project.
- B. Reserves the right to reject a bid from any Contractor who fails to furnish promptly and properly all the required information, when notified to do so.
- C. Reserves the right to reject any and all bids that are determined to be incomplete, or from Contractors who did not attend the mandatory site meeting.
- D. Reserves the right to reject any and all bids from Contractors who are listed on DEP's or any Federal or State barred contractors list for violations of contracts and any Local, State, or Federal laws and regulations.
- E. Reserves the right to postpone the start of construction due to unfavorable weather conditions or other issues related to site access.
- F. Reserves the right to cancel a project at any time during the bid acceptance and contracting process for reasons that may arise that are outside of the Landowner's or Project Sponsor's control.

- G. Reserves the right to reject any and all bids that exceed the funding available for the project.

8. ADDITIONAL WORK

- A. Changes in the Project Design and Technical Specifications may be made by the Project Sponsor after construction is in progress, if necessary. When necessary changes involve work for which no quantity and price have been included in the Bid Form, such work shall be done at a price that shall first be agreed to, in writing, by the Contractor, the Landowner, and the Project Sponsor by written change order.

GENERAL CONDITIONS

1. WORKING SCHEDULE

- A. The Contractor(s) shall coordinate the work schedules with the Landowner and the Project Sponsor before the Contractor(s) begins work on this Contract. No work requiring the presence of the Project Sponsor's Representative shall be done at night, on weekends, or on the agency's recognized holidays, except in case of emergency and/or with written permission of the Project's Sponsor Representative. Written permission shall be sought at least two days in advance of the desired workday(s).
- B. According to the Regulations for Pennsylvania Prevailing Wage Act, Sub-chapter E §9.101, contracts where the estimated cost of the total project is in excess of \$25,000 shall be paid following prevailing wage standards as determined by the Secretary of Labor and Industry.
- C. Coordination of construction activities bi-weekly schedule should be submitted to the contract holder and district on a weekly basis with updates or changes to the schedule to be communicated immediately when known.

2. CONTRACTOR'S LIABILITY AND PROPERTY DAMAGE INSURANCE

- A. The Contractor(s) and its subcontractors shall maintain such insurance as will provide protection from claims under Worker's Compensation Acts and Federal Employer's Liability Act by coverage with insurance companies or by methods acceptable to the State Insurance Commissioner and by no other methods, for damages which may arise from operations under this Contract, whether such operations be by the Contractor(s), or by any subcontractor or anyone directly or indirectly employed by either of them.
- B. The contractor to whom award is made shall provide the following information to the Contract Holder and District prior to starting construction:
 - 1. Copies of insurance; Standard Acord Certificate(s) of Insurance. (Contractual Liability Type)
 - Worker's Compensation Insurance
 - Public Liability and Property Damage Insurance
 - Automobile Bodily Injury and Property Damage Insurance
 - 2. A W-9 taxpayer identification certification.
- C. The Contractor shall protect himself, the property owner, the Project Sponsor, the Project Sponsor's Representative, and the Landowner from any claims for Bodily Injury Liability, and Property Damage Liability.
- D. The limits for Bodily Injury Liability shall not be less than \$1,000,000/\$2,000,000; that is,

\$1,000,000 is the limit for injury per occurrence and \$2,000,000 in the aggregate. The minimum limit of Property Damage Liability shall be \$1,000,000 per occurrence and \$2,000,000 in the aggregate.

- E. The above policies for Bodily Injury and Property Damage Liability Insurance shall be so written as to include Contingent Bodily Injury and Property Damage Liability Insurance to protect the Contractor against claims from the operation of subcontractors.
- F. Certificates of the Contractor's Insurance shall be filed with the Project Sponsor and shall be subject to approval by the Project Sponsor for adequacy of protection. No work shall be started at the site until appropriate Certificates of Insurance are filed with and approved by the Project Sponsor.

3. LAWS, PERMITS AND REGULATIONS

- A. All necessary regulatory permits will be the responsibility of the Landowner and not the contractor; they will be obtained prior to the start of work.
- B. The Contractor shall anticipate complying with the requirements of all laws, regulations, ordinances, and requirements applicable to work under this Contract. This will include adherence to any actions prescribed by inspectors enforcing Federal, State, County, or local regulations, laws, or permits. The costs for these actions shall be included in the Bid.
- C. The Contractor shall adhere to all laws, regulations, permits, ordinances, safety codes, and building code requirements applicable to work done under this Contract. This requirement shall specifically include all current applicable OSHA requirements.
- D. The Contractor shall provide and maintain all necessary safeguards to mark and prevent intrusion into work areas.
- E. Road bonds, if required by the local municipalities and state, are to be obtained by the contractor if impacted by the project. Projects including the placement of concrete of 3 yards or more in a single location shall require slump testing to be done by a third party and results submitted to the contract holder.
- B. The Contractor shall be responsible for PA One-Call notification regarding the project activities at least 3 days prior to commencing work; the project serial number is located on the first page of project designs.
- F. The Contractor shall provide all required borrow and disposal sites. All such sites are subject to approval by the Project Sponsor's Representative. Borrow and/or disposal sites shall not be located in a floodplain or wetland. Copies of releases signed by the landowner shall be provided to the Project Sponsor's Representative.

4. WARRANTY

- A. The Contractor unconditionally warrants that all material supplied by the Contractor will be new and of good quality (unless any used materials are specified in the Project Design and Technical Specifications) and that all work performed by the Contractor will be performed in a good and workmanlike manner. The Contractor shall not substitute materials called for by the Project Design and Technical Specifications without the written approval of the Project Sponsor. The Contractor unconditionally guarantees it will, at its own expense, at the request of Project Sponsor's Representative, promptly replace or repair any work, equipment, or materials that fail to function properly for a period of no less than twelve months following the final inspection and completion of the as-built plans for the project. The Contractor will also repair any surrounding

parts of the structure (and/or personal property) that are damaged due to any failure in the Contractor's work for the period of twelve months following the final inspection and completion of the as-built plans for the project. This express warranty is in addition to any implied warranties under state or federal laws. The Contractor provides no warranty on any materials supplied by the Landowner or the Project Sponsor.

- B. The Contractor shall promptly upon receipt of notice from the Project Sponsor and without expense to the Landowner or the Project Sponsor, make good all damages to buildings, sites, roads, parking lots, and all aspects thereof which in the opinion of the Project Sponsor is the result of the work outside the scope of this Contract, and therefore is the responsibility of the Contractor.

5. PAYMENT

- A. Upon completion and acceptance of the work at the final inspection, the Contractor shall submit an invoice for the entire amount due per project to the Project Sponsor. An alternative invoicing/payment schedule for major phases of the projects may be negotiated during the development of the Contract. The Sullivan County Conservation District will make every attempt to make prompt payment after the final inspection, but for invoices greater than \$100,000, the district may need to submit a request for payment to the funding agencies prior to paying the Contractor.

It is anticipated the district will receive the funds from the agencies approximately sixty (60) days after the request is made. Payment(s) shall be made by the district no later than ten (10) days after it receives the funds.

- B. Final inspection will be conducted by John Coleman, Coleman Environmental Engineering, LLC. Upon acceptance of the work at the final inspection, the contractor shall submit an invoice for the entire amount due to the Contract Holder. Payment shall be made by the Contract Holder no later than 30 days after receiving the final invoice and after a satisfactory final inspection is made and official letter from the engineer is received. Contractors are required to notify the Contract Holder and District 24 hours prior to commencement or conclusion of construction.

6. INDEMNIFICATION

- A. The Contractor shall indemnify and hold harmless the Landowners, Sullivan County Conservation District, PA Department of Environmental Protection, PA Department of Agriculture, State Conservation Commission, Coleman Environmental Engineering, LLC (project designer), Sullivan County, and all of their representatives against any and all claims for damages to persons or property asserted by any person, partnership, corporation, or other organization, arising out of services performed or undertaken by said Contractor, its agents, employees, or subcontractors, except for claims for damages directly caused by the sole fault or negligence of the parties hereto, their officers, or employees.

Provisions

NONDISCRIMINATION/SEXUAL HARASSMENT PROVISIONS

The contractor shall comply with the conditions set forth in the most current version of the Commonwealth Nondiscrimination/Sexual Harassment Clause set forth by the Commonwealth of Pennsylvania.

CONTRACTOR INTEGRITY AND RESPONSIBILITY PROVISIONS

The contractor shall comply with the conditions set forth in the most current version of the Contractor Integrity Provisions and the Contractor Responsibility Provisions set forth by the Commonwealth of Pennsylvania.

AMERICANS WITH DISABILITIES ACT PROVISIONS

The contractor shall comply with the conditions set forth in the most current version of the Provisions Concerning the Americans with Disabilities Act set forth by the United States Federal Government.

RIGHT TO KNOW

The Pennsylvania Right-to-Know Law, P.S. SS 67.101-3104, applies to this agreement. Therefore, this agreement is subject to, and the District and the contractor shall comply with, the clause entitled Contract Provisions – Right to know Law 8-K-1532.

POSTPONEMENT OR TERMINATION OF PROJECT

The District reserves the right to postpone or terminate this agreement, upon written notice to the contractor, for any reason. Upon postponement or termination of the project by the Contract Holder, prior to completion of the project, the contractor shall not receive payment for any and all incomplete work and/or the Contract Holder will retain the entirety of the Bid Bond.

Definition for 22 County Building Construction Operators

Tioga, Bradford, Lycoming, Sullivan, Union, Montour, Columbia, Snyder, Northumberland, Juniata, Perry, Dauphin, Cumberland, Lebanon, York, Lancaster, Adams, Schuylkill, Berks, Lehigh, Northampton, Carbon

Operators Class 1

Machines Doing Hook Work Cableways

Any Machine Handling Machinery Drag Lines

Cable Spinning Machines Derricks

Helicopter All types of Overhead Cranes

All Types of Cranes * High Rail/Burro Crane

Rail Loader (Winch Boom Type)

Machines Similar to above including remote control equipment

* On all machines with booms, jibs, masts and leads 100 feet from ground up, fifty (\$0.50) cents per hour additional will be paid for each increment of 25 feet over 100 feet. On cranes with booms (including jibs, masts and leads, etc.), 200 feet and over, two (2) operators shall be required, no oilers will be required, with seventy-five (\$0.75) cents in increments of 25 feet.

Tower cranes calculated from ground up and out for purpose of boom pay.

Operators Class 1a

Machines Doing Hook Work High Rail/Burro Crane 15 Ton and Over (Factory Rating)

Machines Handling Machinery Rail Loader, Winch Boom Type, 15 Ton and Over (Factory Rating)

All Types of Cranes 15 Ton and Over (Factory Rating) Equipment in this wage group that does not require an oiler

Machines Similar to above including remote control equipment

Operators Class 2

Keystones Bundle Puller Extractors (Tubular Type)

All Types of Shovels Scrapers & Tournapulls

All Types of Backhoes Spreaders

Trench Shovels Tree Spade

Trenching Machines Bulldozers & Tractors

Hoists With Two Towers Vermeer Saw

All Pavers (Blacktop & Concrete) Side Boom

Building Hoists (Double Drum) Rollers (High Grade Finishing)

All Front-End Loaders Mechanic-Welders

Tandem Scrapers Chipper With Boom

Pippin Type Backhoes Motor Patrols

Hydro Ax Concrete Breaking Machines

Boat Captains Concrete Pumps

Milling Machines Fine Grade Machines
Batch Plant Operators (Concrete) Grease Trucks
Bobcat Type (All Attachments) Directional Boring Machines
All Autograde & Concrete
Finishing Machines (Excluding Trowel Machines) Production Switch Tamper
Drills, Self-Contained Rotary Drills Ballast Regulators
Fork Lifts (20 Feet & Over) Tie Replacer
Gradalls Rail/Road Loader
Mucking Machines in Tunnel Power Jack Liner
Machines Similar to above including remote control equipment

Operators Class 2a

Crawler Backhoes Over One Cubic Yard Equipment 15 Ton and Over
Crawler Gradalls Over One Cubic Yard Concrete Pumps 92 feet of Boom Length (150 yd. pour or less)
Hydraulic Backhoes Over One Cubic Yard Equipment in this wage group that does not require an oiler
Machines Similar to above including remote control equipment

Operators Class 3

Conveyors Second Class Drill, Self-Contained Rotary Drills
Building Hoists (Single Drum) Fork Lift Trucks (Under 20 Feet Lift)
High or Low Pressure Boilers Stump Grinder
Well Drillers Miscellaneous Equipment Operator
Asphalt Plant Engineers Tireman (For Power Equipment)
Ditch Witch Type Trenchers
Core Drill Operator
Machines Similar to above including remote control equipment

Operators Class 4

Welding Machines Concrete Breaking Machines (Guillotine)
Well Points Rollers
Compressors Seaman Pulverizing Mixer
Pumps Grout Pump
Heaters Power Broom
Farm Tractors Forced Air Propane Heater
Form Line Graders Seeding Spreader
Road Finishing Machines
Machines Similar to above including remote control equipment

Operators Class 5

Fireman

Operators Class 6

Oilers & Deck Hands (personnel Boats) Core Drill 2 nd Class

Machines Similar to above including remote control equipment

Operators Class 7 (A) (Toxic/Hazardous Waste Removal)

Machines Doing Hook Work Derricks

Any Machine Handling Machinery All Types of Overhead Cranes

Cable Spinning Machines High Rail/Burro Crane

Helicopters Rail Loader (Winch Boom Type)

All Types of Cranes

Cableways

Drag Lines

Machines Similar to above including remote control equipment

Operators Class 7 (B) (Toxic/Hazardous Waste Removal)
